### **Notice to Charlotte AutoFair Vendors – Postponed to June**

The coronavirus concern has resulted in the Governor of North Carolina advising that groups of more than 100 people will not be allowed. Your health and safety is very important and Charlotte AutoFair cannot proceed in April as planned.

**Charlotte AutoFair will be postponed from the planned April dates to June 12-13-14, 2020. The event must be changed to these days, Friday-Saturday-Sunday, because of the speedway availability.**

All Vendor space numbers and space locations will be the same for the postponed dates as planned for April. All the stickers and tickets you have will be honored and used for the postponed dates and will not be reissued with the new dates.

This is a highly unusual circumstance and we know that all of us want to take the proper precautions recommended by the medical professionals.

Thank you for understanding as we work to reschedule the event to benefit all Charlotte AutoFair Vendors and the collector vehicle hobby.

Sincerely,

Hornets Nest Region, AACA
