AutoFair President's Welcome

Welcome everyone to the new and improved Charlotte AutoFair 2026 now in our 48th year. The Hornet's Nest Region AACA members extend a hearty welcome to all fellow enthusiasts, vendors and guests.

You're invited to the AACA Southeastern Spring Nationals, a significant attraction for the owners of more than 200 show vehicles that will be displayed and judged by AACA guidelines on Saturday. And YES - we have moved the show conveniently inside the track by the garage area. This is in addition to the over 50 specific car clubs presenting their vehicles to be viewed by all on the adjacent pit road area. We have also improved the food vendor options and relocated them to the garage midway area to help with pedestrian traffic flow. Don't leave hungry!

Mike Munao

Thousands of hobbyists, car collectors and AACA members attend Charlotte AutoFair to become absorbed in the many unique vehicle interests that are offered. In addition to the Hornets Nest Region's production of four flea market fields (Blue Field is back and expanded to include the bath/shower house again), Car Corral, Youth program and the AACA Nationals, there is a gigantic assortment of family fun Speedway related activities for everyone. Car collectors and vehicle enthusiasts from all over the country travel each year to the fabulous Charlotte AutoFair. Our show maintains prominence in the collector vehicle sphere and we are delighted to recognize the significant contributions made by all involved in the show.

The Auction is back after a many-year absence. Thornburg Auction Company will coordinate a lively and interactive vehicle and memorabilia event. Located in the Champions Pavilion area near the start of pit road, it looks to be a very exciting time - come join us on Saturday.

The Car Corral on the track oval back stretch is truly a great place to find that special car, truck or vehicle. Every vehicle seller in the Car Corral is willing to work personally with a buyer to ensure everyone comes out a winner. Don't miss it.

A special thanks goes to every Hornets Nest Region member for their dedication, efforts and hard work in producing another great AutoFair. It takes the entire club's membership, along with Speedway personnel, local law enforcement and many out-of-town AACA members, to create and manage this terrific show. Thank you again to everyone involved in making our show, flea market and auction event a success.

If you are a local car enthusiast and would like to join our Hornets Nest Club, please come by the main tent, the AACA Southeastern Spring National, or simply ask one of us in a yellow hat. We would love to have you involved in our club activities.

We hope this directory helps you navigate your journey through our collector car event. And, again, welcome to all. Be safe and respectful to everyone attending. Have fun, buy hard-to-find items, purchase that new old car, be thrilled with all the show has to offer - and remember, as always, if you have a question, a concern or a suggestion, please come by our main tent or seek out one of our yellow hat club members and we'll be glad to help out any way we can.

Sincerely,

Mike Munao, President
Hornets Nest Region AACA

Visiting Dan & Lynn McCrary

Text & Photos by Jerry Clemmons

We most likely owe a debt of gratitude to **Santa Klaus** for the presence of nationally recognized watercolor Artist Dan McCrary in Hornets Nest Region. Dan McCrary is a man of more talents than many of our readers might know. We'll expand on his talents how Santa plays into Dan and Lynn McCrary's presence in the Charlotte area shortly.

Welcome to Dan and Lynn McCrary's place. Both Dan and Lynn McCrary have been car enthusiasts with an emphasis on sports cars, for a very long time. Dan was sketching cars in pencil and crayon when he was six years old. He admits to drawing automotive images during algebra class in high school.

After moving to Charlotte, North Carolina Dan And Lynn became involved in sports car rallies and autocross events. We learned during our visit that Lynn was also a very talented driver in those events. The couple soon became a big fan of Alfa Romeo cars, which Dan refers to as the poor man's Ferrari. Their current Alfa is the 1982 Spider Veloce in the above photo and on our front cover.

At one time the McCrary's had an Alfa that they hand built and raced. That race car was also their daily driver. Dan admits they never considered the fact that the race car might get crashed and they would not have transportation to get home.

During his involvement in sports car events, Dan began sketching pen and ink images of fellow enthusiasts cars, kind of an expansion of the hobby. In the beginning these were quarter angle black and white images. It was later that he advanced to close up full color paintings with which we are now familiar.

Probably the question that most of our readers wonder about Dan's water color art is, "How does He get a glossy car with non-glossy flat paint? Better yet chrome...how does Dan make a shiny chrome bumper with paint that does not have a gloss finish?"

Dan's answer: "People have a concept of a bumper being silver. No...You have to get silver out of your mind. The bumper is a mirror...just like a mirror. So its going to reflect whatever is around it. So if you have a chrome bumper on a car sitting outside, the sky is going to be reflected in the bumper. Where the bumper comes clos-

est to you, in a depth sense, there is a horizon line that might be a building far away or trees. The lower part of the bumper might be some grass or the dark color of the ground. Its 90% observation. **That was Dan's explanation. Your Editor calls it magic.**

Dan and Lynn's beautifully decorated home features a living room art gallery with many examples of automobile art. Automobiles have always been Dan's preferred subject with only a couple examples of non-automotive, music related art displayed. We'll get back to music shortly.

Dan's art has been featured at Concours Events and car shows all over the United States and beyond. These displays include our Region's Charlotte AutoFair, Hershey, Amelia and countless others.

One of Dan's Bucket List Events was the opportunity to display his work at Pebble Beach, which he has done twice. Pebble no longer has an automotive art sponsor. Several of the Concours Events and larger shows are no longer being held, but another "Bucket List" opportunity has arrived. **Dan McCrary has been recognized as a Signature Member of the American Watercolor Society. Examples of Dan's art will now be on display at their facility in New York City.**

Back to Santa Klaus.

Dan and four of his buddies got guitars for Christmas one year. They soon formed a five guitar band. No singer, no drums, just guitars. They learned to play Ventures instrumental music. Someone advised Dan and his buddies, "If you want to get gigs, you need a singer."

Dan's "Wet Kitty at Dawn" selected for display at American Watercolor Society in New York City

Dan said, "We didn't get a singer. We just started singing, a whoever drew the shortest straw type of deal. We recruited a drummer from our school band."

Dan McCrary attended college at East Carolina. The school didn't offer a major for guitar, but since his buddies were music majors, Dan hung out and played guitar in bands with those guys. One of his friends eventually went back home in Charlotte to play in a band called **Sugarcreek**. A few weeks later, Dan got a phone call from his buddy. "**Hey, We're backing Jackie Wilson. Do you want to play lead guitar for Sugarcreek?**"

Dan: "Sure."

Dan McCrary was in Charlotte the following day carrying a suitcase & guitar.

Dan McCrary eventually grew tired of traveling involved with the music business and returned to his first love...art.

That said, the guitar that Santa brought was "instrumental" in bringing Dan & Lynn McCrary to Charlotte, North Carolina.

Thanks Santa!
